**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a happy customer of Sonic in San Francisco. They put in a fiber network in my neighborhood a couple of years ago, and I joined about a year and a half ago. My internet speeds went up while my bill dropped by 30%.

Although I live in a city, we don't have many choices when it comes to internet service. It is very important to have competition in any industry. I have been thrilled to support a local company that is providing a better service at a lower cost than the monopoly I had been forced to use before.

Don't change the rules and let the big older companies squash the competition! We need Bridge to Broadband to allow for competition in the broadband industry. This is good for little guys, like me.
